## ADVANTA RADIAL ST LIMITED WARRANTY

Argus Advanta hereby warrants that every new Advanta Radial ST Trailer Tire purchased from US Autoforce bearing the brand name Advanta to be free from conditions of workmanship and material that would cause the tire to become unserviceable for the life of the original tread less 2/32" as measured in the fastest wearing groove. The life of the original usable tread ends when the tire tread has worn down to 2/32" remaining, at which point the tire is considered to be fully worn out. This warranty applies only to the original purchaser for a period of two (2) years from the date of manufacture. Argus Advanta's liability under this warranty shall be limited to replacement and/or credit for the cost of the tire excluding FET.

## FREE ROAD HAZARD WARRANTY

Every applicable Argus Advanta Radial ST Trailer tire that has been irreparably damaged due to a normal road hazard condition (e.g. irreparable cut, puncture, snag, bruise, or impact break) within the first 25% of the original tread depth and within 1 year from the date of purchase will be replaced free of charge with an equivalent Advanta Radial ST Trailer. Applicable taxes on the new tire and costs of mounting and balancing service shall be borne by the owner. Road hazard applies to 1st 2/32nds or 1 year from date of purchase. All Exclusions listed below void this Road Hazard Warranty. Conditions and coverage are subject to change at any time and without notice. Claims must be serviced through your authorized Advanta Radial ST Trailer dealer.

## GENERAL WARRANTY AND WARRANTY OBLIGATION

If any tire becomes unserviceable, Argus Advanta will do either of the following:

- A) If the tire becomes unserviceable due to material or workmanship during the first 2/32" of the original tread, Argus Advanta will replace such tire with a comparable new Advanta tire free of charge. Applicable taxes on the new tire and costs of mounting and balancing service shall be borne by the owner.
- B) If the tire becomes unserviceable due to material or workmanship after the first 2/32" of tread wear, a credit excluding FET will be given toward the purchase of a comparable new tire in proportion to the usable tread remaining as measured in the fastest wearing groove. Applicable taxes on the new tire and costs of mounting and balancing service shall be borne by the owner.
